Dear Tom,

When I think of my childhood I am thankful for

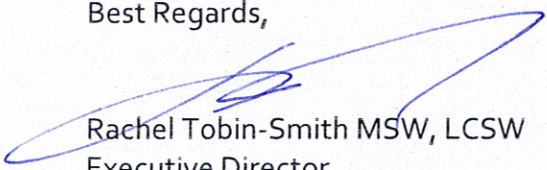

...a mother who woke me each morning and sent me to school with clean clothes, a lunch and a kiss goodbye.

...a father who walked with me at night, told me stories and helped me with my math homework.

...parents who used discipline that taught me how to be good instead of hurt me for being bad.

When I think of you I am thankful for this wonderful gift you have given SCAN. Through that gift you have helped mothers and fathers learn to care for their children like our parents cared for us. Your donation provides the immeasurable legacy of childhoods full of positive memories in place of nightmares of abuse and neglect. Thank you.

Best Regards,

Rachel Tobin-Smith MSW, LCSW
Executive Director
