Blackburn & Green  
4203 W Jefferson Blvd  
Fort Wayne, IN 46804

Dear Friends,

Thank you for your thoughtful gift of \$250 to The Leukemia & Lymphoma Society (LLS) for the **Man & Woman of the Year** campaign. We truly appreciate your commitment to the LLS mission: *Cure leukemia, lymphoma, Hodgkin's disease and myeloma, and improve the quality of life of patients and their families.*

Approximately every three minutes, one person in the United States is diagnosed with a blood cancer, and approximately every ten minutes, someone in the US dies from a blood cancer. While LLS has invested more than \$1 billion in research since our inception, there is still a lot of work to be done to cure blood cancers.

With your investment, we are funding discoveries that will provide every patient with effective therapies. **A greater understanding of the molecular causes of cancer, for example, has led to an opportunity to deliver precise patient-specific therapies—the right therapy, at the right time, to the right patient.** We hope to bring this innovative treatment to all blood cancer patients and change the entire cancer landscape.

In addition to our research investments, LLS offers services to patients and families that are personal, immediate, and tailored to need. LLS support programs, education, patient navigation, and treatment assistance help blood cancer patients gain access to quality, affordable, and coordinated care.

We would love the opportunity to meet you, learn more about your connection to the mission, and update you on our progress. And please don't hesitate to let us know if we can be of help to a loved one battling blood cancer. **Thank you for your dedication to save lives not someday, but today!**

Sincerely,

Frank Canning  
National Field Director
