Dear Mr. Blackburn,

On behalf of Community Harvest, and those we serve, I would like to thank you for your remarkable generosity in support of our **Farm Wagon** program. It gives us hope and allows us to continue to alleviate hunger, wherever it's found, in our nine-county region.

The investment that you are making in our work will make certain that we are able to provide assistance to individuals and whole communities in times of need. Every day, every dollar is making a difference in someone's life.

We are so grateful for all the faithful friends, new and old, who continue to make hunger relief part of their regular giving.

Thank you so much!

Warmest Regards,

Carmen Cumberland
Executive President
