Dear Friends at Blackburn & Green,

Thank you for your contribution of **\$500.00**, which we received on **06/11/2019**. We appreciate your generosity and belief in The Damien Center's mission. The Damien Center has been at the leading edge of services for HIV prevention and care for more than 30 years, and we continue our fight thanks to the generous support of you and our community!

Our one-stop shop approach to care enables us to significantly reduce obstacles our clients often experience and centralize the services they need. Our team at The Damien Center provides premier care, including free testing and prevention (PrEP) services, an onsite medical clinic and mental health services, a food pantry and housing opportunities, as well as additional services, to best serve our clients. In turn, our clients are empowered to overcome various barriers, allowing them to engage with and remain in appropriate medical care. If a client stays in care and reduces their viral load to undetectable levels, the result is a near elimination of the transfer of HIV. This leads to our clients living longer and healthier lives!

To learn more about the services we provide and to explore the many ways you can support us and our clients, visit www.damien.org. We cannot do our work without your continued generosity, whether it is through advocacy, volunteer time, employer matches and sponsorships, or in-kind and financial gifts.

Together, we are moving our community closer to the day when we are free of HIV. Your support makes all the difference to achieving this goal!

Sincerely,

Alan Witchey
President and Chief Executive Officer
