*Thank you
for your continued
support. Jee*

Dear Mr. Blackburn,

Thank you for supporting our recent Weigand Construction Duck Race to Benefit SCAN with your sponsorship of \$1,000.00. Your generosity makes it possible for SCAN to further our mission in protecting children, preparing parents, strengthening families, and educating our community to Stop Child Abuse and Neglect. Your donation provides critical support to allow us to continue the important work we do with parents and children throughout northern Indiana.

To show you the impact you make when you sponsor the Weigand Construction Duck Race to Benefit SCAN, I'd like to share this story with you about one of our families, the struggles they overcame and the work our dedicated staff.

A mom called our Community Partners program a few months ago. She has twins who have been diagnosed with Autism, and she was overwhelmed. She needed help with her utilities, locating services for her children and putting her kids back into a school environment. SCAN staff walked through the process with her step by step, connecting her to assistance with utilities, then with local agencies for autism services, completing the paperwork necessary to receive assistance with respite care and therapy, and, finally, re-enrolling the twins in school. Staff members made sure Individualized Education Plans were set in place and followed for each of the kids. Mom also completed and enjoyed *Your Journey Together*, a resiliency curriculum. As a result, this parent now feels less stressed and more in control of her circumstances.

Your generosity makes it possible for our families to develop skills needed to build a healthy, happy home and keep their children safe. Thank you for making this possible.

Sincerely,

Deanna L. Szyndrowski MS, MBA, LMHC
Chief Executive Officer

In compliance with the 1993 Revenue Reconciliation Act this letter confirms that no goods or services were provided in exchange for your gift received on 04/12/2019.

You can protect children by remembering SCAN in your will.
